The HONHART all-metal hammer is safer, stronger and more durable than wood handle types. This is proved by thousands of our hammers in daily use.

High quality alloy steel heads. Perfectly balanced. Finished in rust-resisting Mid-Nite Black. The kind of tool a real craftsman takes pride in owning. All-metal Tinnets, Riveters and Ball Pein hammers also available in a variety of weights.

DISTRIBUTORS & DEALERS — Write for information on this line to Atlas Welding Accessories Co., 707 E. Lewiston Avenue, Ferndale 20, Michigan.
